

## Call for candidates

# Professor in Cardiovascular Pharmacology

N° 06242

Posting period: April 11, 2023 to August 26, 2023, 5 PM

**JOB DESCRIPTION:** Professor

**LOCATION:** Health Campus

**STATUS:** Regular

**ADMINISTRATIVE UNIT:**

Faculty of Medicine and Health Sciences

Department of Pharmacology-Physiology

**SCHEDULE:** Full time tenure-track position

The [Université de Sherbrooke](#) is seeking candidates for a regular, full-time faculty position in the [Department Pharmacology-Physiology](#) of the [Faculty of Medicine and Health Sciences](#) to consolidate the department's expertise in G protein coupled-receptor (GPCR) pharmacology, with a focus on cardiovascular pharmacology. The Department invites applicants to fill a tenure-track Assistant Professor position.

### About the Department

The Department of Pharmacology-Physiology has a long standing, world-class history of GPCR research applied to cardiovascular diseases and neuroscience. Located in the Institute of Pharmacology, the Department has 20 tenured/tenure-eligible faculty. The Institute of Pharmacology provides access to cutting edge scientific equipment facilities and a strong interdisciplinary research environment focussing on neuroscience, cardiovascular and cancer research as well as biomedical technologies. The Department also offers a BSc as well as MSc and PhD degrees in both pharmacology and physiology.

### Main duties

- Teach at all graduate and undergraduate levels.
- Supervise graduate and doctoral students.
- Develop fundamental and applied research activities.

- 
- Take part in university life.
  - Contribute to community service.

## Qualifications

- Hold a PhD or MD/PhD degree, a minimum of three years of postdoctoral training in a field relevant to the position.
- Have a marked interest in university pedagogy and teaching as well as for research, development, and innovation.
- Demonstrate good ability to supervise graduate students.
- Have an outstanding publication record in peer-reviewed journals of international standing, testifying to an excellent research record.
- Demonstrate skills in establishing and maintaining good interpersonal relations, a sense of collaboration, and teamwork skills.
- Demonstrate qualities of leadership and initiative as well as outstanding skills in communicating and effectively and harmoniously interacting with various internal and external partners.
- The successful candidate must be able to teach in French or be able to do so in the short term.
- Expected to develop strong leadership within the field cardiovascular research.
- To be able to abide to the requirements in line with the **responsible behavior** of research.
- Experience in interdisciplinary, multidisciplinary, or transdisciplinary research as well as in knowledge transfer will be considered an asset.

## Work conditions

The working conditions are governed by the collective agreement in effect between the University and the Association des professeures et professeurs de la Faculté de médecine de l'Université de Sherbrooke (APPFMUS).

Regular full-time tenure-track position.

Anticipated start date: To be determined.

## Equity, diversity and inclusion

The Université de Sherbrooke (UdeS) values equity, diversity, equality and inclusion in employment within its community and invites all qualified individuals to apply, particularly women, members of visible and ethnic minorities, Aboriginal peoples and **persons with disabilities** in compliance with the Quebec Act respecting equal access to employment in public bodies. The screening and assessment tools can be adapted according to the needs of persons with disabilities who request them, and this, in complete confidentiality. The Université de Sherbrooke also encourages people of all sexual orientations and gender identities to apply. Priority will be given to Canadians and permanent residents.
