

## Call for candidates

# PROFESSOR IN ECOLOGY

N° 06948

Posting period: April 17, 2024 to September 3, 2024, 5 PM

**JOB DESCRIPTION:** Professor

**LOCATION:** Main campus

**STATUS:** Regular

**ADMINISTRATIVE UNIT:**

Faculty of Science

Department of Biology

**SCHEDULE:** Full time tenure-track position

The [Université de Sherbrooke](#) invites applications for two tenure-track faculty positions in Ecology in the [Department of Biology, Faculty of Science](#). Preference will be given to candidates with a strong publication record, teaching experience and evidence of ability to conduct original research. We are particularly interested in candidates whose research examines the interactions among different organisms and their effects on ecosystems. One position will be in plant ecology and one in animal ecology. Candidates seeking to develop long-term research that includes field work are encouraged to apply. The selected candidates will contribute to the CRÉUS, the UdeS Research Center in Ecology.

### Equity, diversity and inclusion

The Université de Sherbrooke (UdeS) values equity, diversity, equality and inclusion in employment within its community and invites all qualified individuals to apply, particularly women, members of visible and ethnic minorities, Aboriginal peoples and [persons with disabilities](#) in compliance with the Quebec Act respecting equal access to employment in public bodies. The screening and assessment tools can be adapted according to the needs of persons with disabilities who request them, and this, in complete confidentiality. The Université de Sherbrooke also encourages people of all sexual orientations and gender identities to apply. Priority will be given to Canadians and permanent residents. [Learn more about equity, diversity and inclusion at UdeS.](#)

## Principal tasks

- Teach at the undergraduate and graduate levels.
- Develop fundamental and applied research activities.
- Supervise graduate students.
- Participate in university life.
- Contribute to community service.

## Requirements

- PhD or equivalent and relevant postdoctoral experience in ecology or related field in biology, as demonstrated by a strong record of publications.
- Ability to conduct an independent and externally-funded research program.
- Strong interest and ability in teaching graduate and undergraduate students, research, and innovation.
- Ability to supervise and mentor graduate students.
- Have an excellent record of publications peer-reviewed at the international level.
- Demonstrate the ability to establish and maintain good interpersonal relationships, collaboration and teamwork skills.
- Demonstrated leadership and initiative in communication and interaction with internal and external collaborators.
- Be able to abide to the requirements in line with the [responsible behavior](#) of research.
- Professors at the Université de Sherbrooke are expected to be able to teach in French, or to rapidly attain the ability to do so. An institutional learning support program is offered to all new faculty wishing to learn French.

## Work conditions

The working conditions are governed by the collective agreement in force.

Regular, full-time tenure-track position.

Anticipated start date: January 2025.

## Application process

Check our website then submit your application online. For this opportunity, see offer 06948.

Direct link: <https://www.usherbrooke.ca/emplois/offre/no/06948>

The deadline for submitting applications is **September 3, 2024** à 5:00 pm (EST)

Review of applications will begin on September 4, 2024 and will continue until positions are filled.

Candidates should send a curriculum vitae and a two-page summary of how their current research program would be developed at the Université de Sherbrooke.

In addition, Candidates should also arrange to have three letters of reference e-mailed directly by referees who are qualified to support their candidature. These documents should be sent to the address below:
